LinkedIn: linkedin.com/in/hari-perumal-sn | GitHub: github.com/hariperumal75-cmyk

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience in full-stack web development, Python programming, machine learning, and UI/UX design. Skilled in building responsive web applications, REST APIs, and end-to-end software solutions with a strong foundation in database design and Agile development. Passionate about writing clean, scalable code and delivering impactful, user-focused products. Seeking a Software Development Engineer, Full-Stack Developer, or Python Developer role to solve real-world engineering problems.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+), HTML5, CSS3, SQL
Database: MySQL, Database Design, Query Optimization
Tools & IDEs: VS Code, Git, GitHub, Figma, MS Excel, Postman
Domains: Full-Stack Web Development, REST APIs, Machine Learning, UI/UX Design, Agile/Scrum

WORK EXPERIENCE

Full Stack Developer Intern | Jul 2024

- Built responsive front-end interfaces and back-end RESTful APIs for production web applications.
- Collaborated with senior engineers, designers, and product managers in an Agile, sprint-based development cycle.
- Participated in code reviews and implemented optimizations that improved application performance and code quality.

PROJECTS

Audio to Sign Language Converter
Tech Stack: Python, Machine Learning, OpenCV

- Engineered a real-time ML pipeline that transcribes spoken audio into sign-language gesture animations.
- Integrated speech recognition with a custom gesture renderer, achieving low-latency, high-accuracy conversion; demonstrated at college tech fest to improve accessibility for hearing-impaired users.

Ling Sense – AI Language Tutor
Tech Stack: Python, AI, Speech Recognition

- Developed an AI-driven tutoring platform for immersive Indian language acquisition through real-time, interactive pronunciation coaching.
- Engineered a speech-recognition-based feedback engine delivering instant corrections across diverse regional dialects.

Durai Nursery Garden – Business Website
Tech Stack: HTML5, CSS3, JavaScript, EmailJS

- Developed a premium, fully responsive multi-section business website (Home, About, Plants, Gallery, Location, Contact) using plain HTML5, CSS3, and JavaScript.
- Implemented glassmorphism UI components with a fixed navigation bar and footer, improving visual consistency across all sections.
- Integrated EmailJS-based contact form and WhatsApp click-to-chat button to streamline customer inquiries and lead capture.

EDUCATION

B.E. – Computer Science and Engineering | Nov 2022 – May 2026
SNS College of Engineering, Tamil Nadu | CGPA: 7.23 / 10
Higher Secondary Certificate (HSC) | Mar 2022
Adhiyaman Matric Hr Sec School | HSC: 78.5% | SSLC: 85.2%

ACHIEVEMENTS & CERTIFICATIONS

- Hackathon Participant – CIT (2025): Developed a working prototype within 24 hours under competitive conditions.
- Winner – Intra-College Figma Design Contest: Ranked 1st for UI/UX prototyping and design innovation.

SOFT SKILLS

Public Speaking | Project Management | Team Collaboration | Problem Solving | Agile Mindset
